Fastening technologies for industry

4 045759 018933

Hot Melt Gun BeA 321 12500077

Fastener type

BeA Hot melt adhesive

Product strengths

· Easy maintenance

Scope of operation

Industrial packaging, Joinery, Measurement and assembly construction

Scope of delivery

Cable, Operating instructions, Sparepart list

More details:

Technical data

EAN	4045759018933
Type of fastener	BeA Hot melt adhesive
Driving system	Mains operation, pneumatic feed mechanism
Operating pressure min	4 bar
Operating pressure max	7 bar
Tool length	320 mm
Tool width	70 mm
Tool height	230 mm
Cable length	3 m
Feed mechanism	Pneumatic
Tool Melting Rate (up to)	4,1 kg / hour
Initial warm up time	4 min
Melting time after reloading	0 sec
Temperature control	Thermostat
Temperature range	195 °C
Declaration of conformity	CE, EAC, UKCA
Weight incl. packaging	2 kg
