GORDIAN
STRAPPING

StraPack D-53RS2

Semi-Automatic Strapping Machine

- Dedicated strapping solution for donut-shaped bundles
- Vastly quicker than regular hand-tools
- Rotating bar design provides easy positioning capability
- Robust design with side sealing

The StraPack D-53RS2 is a side-seal version of another part of Gordian's packaging equipment range, the D53. It is specially designed to strap donut-shaped bundles such as tires, wires, tubes and hoses.

Features and Benefits

Specific Design	The D-53RS2 is a dedicated strapping solution for donut-shaped bundles. Ideal for tyres, wires, tubes and hoses.
Rotating Bar Design	The special rotating bar design provides easy positioning capability - allowing users to easily turn the donut-shaped bundle.
Operation From Any Angle	The versatile design provides strap feeding buttons located on both sides of the machine -meaning operation is possible from any angle.

Robust design	With side-seal technology.
Fast and Efficient	The D-53RS2 cuts the time it would take to strap using hand tools.

Dimensions	Width	1887 mm
	Depth	606 mm
	Height	1026 mm
	Weight	Approx. 100 kg
Min package size	H 330 mm x W 330 mm	
Max package size	Approx. 30 kg	
Sealing height	862 mm	
Joint / strap / coil	Heat seal / polypropylene ID 200 x OD 450 x W 200 mm	
Strap / width / thickness	5, 6, 9, 12 15.5 mm	
Strap tension	Approx. 400N (40kgf)	
Power supply	110, 220, 240 V, 1 Phase 50/60Hz, 0.4 KVA
